ABOUT POORIT

Your Partner in Building a Future-Ready Workforce.

Poorit Technologies is an industry-focused technology and skill-development company that helps organizations close the gap between their teams' current capabilities and fast-evolving business and technology demands.

We partner with enterprises to upskill and reskill talent, measure capability objectively, and turn learning into measurable performance and business impact.

THE GAP WE BRIDGE

TODAY

- ✕ Skill gaps against evolving business needs
- ✕ Ad-hoc, one-off training with low retention
- ✕ Limited visibility into workforce capability
- ✕ Learning with no measurable ROI

→

FUTURE-READY

- ✓ In-demand technical & leadership skills
- ✓ Structured, role-based programs
- ✓ Objective, data-backed skill insights
- ✓ Training tied to business outcomes

> "Education is not the learning of facts, but the training of the mind to think, the heart to feel, and the hands to create."

03

INTELLITEST HUB

Smart Assessment. Actionable Intelligence.

A technology-driven assessment platform that gives L&D and business leaders objective, ongoing visibility into workforce skills — so you can benchmark capability, target training, and prove impact.

Comprehensive Assessments
Technical, coding, aptitude and domain-specific evaluations.

Performance Intelligence
Clear visibility into scores, accuracy, rankings, trends and skill-wise performance.

Skill-Level Insights
Identify strengths and gaps across individuals and teams.

Enterprise Reporting
Convert assessment data into actionable insights for L&D and business teams.

ONE PLATFORM. CLEARER DECISIONS. Workforce Performance → Skill Insights → Business Intelligence
